A Message from the Principal

Educational activities that parents and their young children can do together include counting, pre-reading, language, science, and physical skills are developed as parents play with their preschool children. Use of ordinary house hold items make these activities easy as well as fun. (preschoolrainbow)

The Calendar

Looking at the calendar every day is a great way to learn letters, numbers, and names.

Playing Games

This is a great way for children to learn their letters, shapes, colors, and numbers. What is red? It grows on a tree, and is good for you and me?
